To the Committee Members:

I hope you will prove that you are more responsible to the needs of your constituents than to the lobbying power of the gun industry which seeks to maximise sales and profits despite the dire impact of the wares they peddle.

My sister in law and her family lived in Newtown for many years before relocating to Florida. When we heard about Sandy Hook, we thought about what could have happened to our nieces were they just a decade younger. The idea of allowing individuals to walk around with guns and not even giving the police the right to ask to see their permits is an obscenity.

Please support our citizens, not the merchants of death.

Thank you,

Laura Mosedale
